Infraprojects Limited

ANNUAL REPORT
2017-18

**TEAMWORK DIVIDES THE TASK AND MULTIPLIES THE SUCCESS,
WE THE TEAM.**

FROM THE CHAIRMAN'S DESK

Dear Shareholders,

On behalf of the Shashijit Infraprojects Limited I take this opportunity to express my sincere thanks for your continued support and goodwill that is critical to the success of our company.

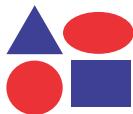

During fiscal 2017-2018, we recorded revenues of Rs.45.73 crore. Our company's annual revenue growth rate was 79.49%. The directors recommend a dividend of Rs.0.20/- per share for the year ending March 31, 2018, Subject to the approval of Members in the ensuing Annual General Meeting. **Since the incorporation, our Company is the Dividend paying Company.**

Our company's performance in the last fiscal illustrates the opportunities and challenges facing our industry. The phenomenal impact that the focus of government policies on infrastructure growth is having on businesses around the nation is creating exciting and viable new opportunities for us to partner with clients. However, capitalizing on this opportunity requires a strong focus on team building, expansion of geographical boundaries, technology up gradation & new collaborations.

With immense pleasure I am pleased to share with you again that your Company has been accredited with **BEST SME-INFRASTRUCTURE** for the year in **NAVBHARAT SME BUSINESS EXCELLENCE AWARD 2017** in recognition for outstanding performance and contribution for splendid growth in Infra sector.

At the same time, there has never been a greater imperative to embrace technology upgradation to counter the downward pressures on pricing, resulting from sheer competition & commoditization of traditional infrastructure services, in order to maximize efficiencies and reconfigure our solutions.

We have set for ourselves aggressive and ambitious goals for FY 2018-19 & forward, the Board strongly believes that these are eminently achievable through game changing initiatives. This will of course not be easy. These goals have to be viewed in the context of significant external and internal challenges. Markets are volatile, business models are changing rapidly, new capabilities in terms of team building and geographical expansion need to be built and the organization needs to adapt with great agility. However, the start of the journey has been very encouraging, as

evidenced by the performance during the last fiscal year, both in quantitative and qualitative terms. With focused energy, creativity and discipline many new initiatives are beginning to show tangible results.

The Board of Directors is completely aligned with the management team on the longer term goals, and I would like to take this opportunity to pledge to you that we will pursue them on a foundation of the highest standards of governance and ethics. These are aspects that our company has always valued, and been known for. Respect for the laws of the land, fairness to the interests of all our stakeholders and a commitment to uphold our core values drive the deliberations and decisions of the Board.

In addition to our business goals and commitment to drive shareholder value, our company is focused on playing its role as a responsible corporate citizen. We continue to contribute towards initiatives that drive societal change in the communities where we operate, while ensuring that our growth is sustainable. I frequently interact with our team at all levels. I am glad to notice a renewed sense of vigor and energy in the organization. Team Shashijit are at the heart of our successes and potential, and I would like to gratefully acknowledge their commitment and contribution. Before I conclude, I would also like to thank other stakeholders, our clients, vendors and partners for their trust and support.

And of course, I look forward to your continued support and best wishes.

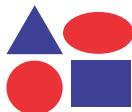

Thank You

For SHASHIJIJT INFRAPROJECTS LIMITED

However, it was later realized that the particular Plant & machinery & scaffolding material which was needed for a specific site was not required during the course of execution of the work.

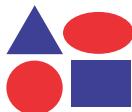

Further we have received additional projects, the details of which have been shared with all the stake holders and regulatory authorities from time to time through proper disclosures. We have also been in discussions & negotiations with our long standing clientele on upcoming projects which are also likely to fall in our kitty and to be executed in FY 18-19. We have achieved the projected targets for FY 17-18 and are poised to report a decent growth for the FY 18-19 as well given the work orders in hand to be executed in current financial year.

Further we have always stressed on debt free books and have been focused on value creation to the stakeholders by improving on our bottom lines and lowering the interest cost. The same is evident from the fact that despite we have achieved a sizeable growth in the top lines, we have tried to keep our interest cost to minimal by not adding much on working capital facilities and improving the working capital cycle for better efficiencies in fund management.

Hence there is an acute need of additional working capital at this juncture given the immediate work orders to be executed and utilizing liquid funds for maximizing purchasing benefits on materials.

Hence the management has decided to use the funds kept aside for purchase of plant & machinery & scaffolding material for its working capital requirements.

The disclosure in compliance with the SEBI Regulation 32 of the SEBI (LODR) Regulations, 2015 is as under:

- 3.** Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. To the Independent Auditor's Report

(Referred to in paragraph 9 (f) under 'Report on Other Legal and Regulatory Requirements' of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Shashijit Infraprojects Limited** ("the Company"), as of March 31, 2018 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

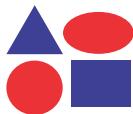

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of

internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the internal auditor in terms of his report, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

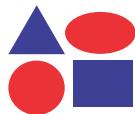

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria

established by the Company considering the essential components of internal control stated in the Guidance Note of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
